

Specialised live plants export solutions

Noatum Logistics offers tailored export solutions for live plants, ensuring each shipment receives the right handling, packaging and transport conditions. Our dedicated team works closely with growers to protect every specimen from origin to destination.

With strong expertise in Mediterranean species—such as **olives**, **citrus** and **palms**—we adapt transport methods to seasonal needs, including reefer containers and Open Top equipment, ensuring plants arrive **healthy and ready for planting**.

Live plant transport solutions

CUSTOMS DOCUMENTATION SUPPORT
